3RD ANNUAL  
TEXAS  
**SWORDFISH**<sup>TM</sup>  
SEMINAR

The Booby Trap is a 52' Viking Express docked at Surfside Marina. Specializing in catching Swordfish and Blue Marlin, the Booby Trap has been featured in a number of major fishing publications, including a recent article in January's Sport Fishing magazine highlighting Texas' outstanding bill fishery as well as a feature article in Pacific Coast Sportfishing magazine in September 2012. In the Bite Magazine also recognized a 21-swordfish trip on the Booby Trap as one of the top 10 catches of the decade. Owner Brett Holden has received worldwide recognition for his ability to target bill fish as well as pioneering daytime Swordfishing in the Gulf of Mexico.

Holden and his crew had an incredible 2012 season catching 172 swordfish in just 15 trips, bringing the total number of Swordfish to over 700 catches. The two trips donated by the Booby Trap Fishing Team and purchased during the live auction at the Texas Swordfishing Seminar in 2012 resulted in a 21 swordfish trip and a 15 swordfish trip. The Booby Trap is also responsible for the first ever Super Grand Slam in the Gulf of Mexico in 2009, repeating the feat for a second time in June of 2012 in just 4 hours of fishing. Both Super Slams were caught by Booby Trap Team member Travis Joyce.

The Booby Trap Fishing Team created the Texas Swordfish Seminar in 2011, an event designed to promote recreational Swordfishing and benefit Everyday Heroes, a local nonprofit organization that provides support to Disabled Veterans. The 1st annual seminar had over 500 people in attendance and raised over \$80,000.00, while the 2012 seminar had over 1200 participants and brought in just short of \$250,000, allowing Everyday Heroes the funding to purchase and operate a new van to transport the Veterans to and from medical appointments and much, much more.
